

Living Machines 2023

The 12th International Conference on Biomimetic and Biohybrid Systems.

July 10 – 13, 2023 – Genoa, Italy

Website: <https://livingmachinesconference.eu/2023>

Contact email: info.livingmachines2023@iit.it

CONTRIBUTORS, EXHIBITORS and SPONSORS

Get involved, support our conference and community, and drive your team's growth!

Living Machines provides an ideal opportunity to be updated with the most recent advancements in robotics science and innovation, to network with young and experienced researchers, to strengthen your existing relationships and to create new collaborations and business partnerships.

Research groups and companies wishing to take part and support the conference in any way and gain the corresponding benefits by promoting themselves are encouraged to contact the organizers (info.livingmachines2023@iit.it) to discuss the terms of contribution, exhibition, or sponsorship, and the necessary arrangements.

Examples of opportunities:

Contributor: €1,000

- One complimentary registration
- Research lab/company logo on conference website, poster, and sponsors' video
- Research lab/company brochures and promo items included in the participants' bag

Contributor and Exhibitor

Bronze: €2,000

- One complimentary registration
- Research lab/company logo on conference website, poster, and sponsors' video
- Research lab/company brochures and promo items included in the participants' bag
- Dedicated table at exhibition (smaller size)

Silver: €5,000

- Three complimentary registrations
- Research lab/company logo on conference website, poster, and sponsors' video
- Research lab/company brochures and promo items included in the participants' bag
- Dedicated table at exhibition (larger size)

Gold: €10,000

- Five complimentary registrations
- Research lab/company logo on conference website, poster, and sponsors' video
- Research lab/company brochures and promo items included in the participants' bag
- Dedicated table at exhibition (larger size)
- Named reception at the end of the first day and during reception

Sponsor

There are a variety of ways to partner at Living Machines as Sponsor, with the funding of specific activities or services within the conference program.

Some examples of sponsorship opportunities:

- Sponsor of educational activity for poster session area
- Sponsor of educational activity for registration/travel/attendance of participants
- Sponsor of educational activity for conference awards (best paper award, best poster award)
- Sponsor of attendee services for conference bag, badge, or for the coffee breaks
- Sponsor of social events for the welcome cocktail, the guided tour of the Aquarium, and/or the conference banquet with live entertainment
- Sponsor of the Science Café, a scientific event for conference attendees open to journalists and general public
- Sponsor of the video recordings during the conference

Depending on the level of sponsorship, benefits include:

- Registration passes
- Brand enhancement with the research lab/company/project logo on conference website, poster, and sponsors' video
- Research lab/company brochures and promo items included in the participants' bag
- Short presentation, as part of the two-minute video showed during the conference sessions
- Named reception/short presentation during the welcome cocktail and/or during the banquet and/or during the award ceremony

The sponsor budget varies from €2,000 upwards and the details for each option can be discussed case-by-case with the conference organizers (info.livingmachines2023@iit.it). We would also welcome your suggestions as to any alternative ways in which you might wish to support the event!
